

Ag Issues While You Were Working

CLEVER CATCH

DIRECTIONS

Get a beach ball or other ball. Using a marker, randomly write the numbers 1-16 around the ball. After students have read the *While You Were Working* document toss the ball to a student. Ask them what number is closest to their right thumb (you can pick any hand/finger). Ask them the corresponding question below. Continue doing this until all questions have been asked.

Questions

SIDE 1

1. What was this week's Ag Issue?
