

**Arizona Farm Bureau Young Farmers and Ranchers
2022 FFA Discussion Meet**

1. Farm Bureau is the leading voice for agriculture but not the only voice. How do we encourage other agricultural groups to work together to train and develop the next generation of agricultural advocates?
2. How can Farm Bureau improve its effectiveness at recruiting YF&R members and increasing participation in YF&R programs?
3. Studies show more farmers and farm families are experiencing stress and mental health issues. What can farmers, ranchers and Farm Bureau do to proactively promote good mental health in both themselves and their communities?
4. Agriculture is one of the most hazardous industries. What can we, as young farmers and ranchers, do to create a more preventative, rather than reactive, approach to farm safety in our communities?
5. As the world population increases, so will the need for renewable resources. On a local level and across the globe, how can Farm Bureau help farmers and ranchers continue to increase their efficiency in the use of valuable resources and transition to “Green Energy” practices on their farm or ranch?

The Arizona YF&R will be holding study sessions on our Social Media Pages starting the first Monday in May. For more information check out AZFB YFR on Instagram or Facebook.
