For Immediate Release

AgPAC of the Arizona Farm Bureau is proud to endorse Martha McSally for Arizona's U.S. Senator.

"As Arizona Agriculture's Political Action Committee, AgPAC of the Arizona Farm Bureau is committed to promoting and supporting candidates who serve the needs the Arizona's farmers and ranchers," said AgPAC Chairwoman Sherry Saylor. "Senator McSally has proven instrumental in advocating for policies that benefit farm and ranch country. She was a key player in the passage of the Lower Colorado Drought Contingency Plan, which allowed the three lower basin states to finalize an agreement on sharing the responsibilities of shortage along the Colorado River. She's been a significant proponent for needed water infrastructure to help Central Arizona farmers remain productive in the face of drought. She is also a tireless advocate for free trade and played a key role in the passage of the USMCA. She's the right candidate for Arizona agriculture, and we are proud to endorse her continued service in the US Senate."
